THE ART OF PERFORMANCE

Every day we push performance to its limit. Our performance. Our cars' performance.
We innovate, we engineer, we design. We master rules and then break them.
Only to push further. Past the limits of convention. This is when performance becomes art.

Jaguar. The Art of Performance.

VEHICLE SHOWN: XF R-SPORT IN EIGER GREY WITH OPTIONAL EQUIPMENT

VEHICLES SHOWN ARE FROM THE JAGUAR GLOBAL RANGE. SPECIFICATIONS, OPTIONS AND AVAILABILITY WILL VARY BETWEEN MARKETS AND SHOULD BE VERIFIED WITH YOUR LOCAL AUTHORIZED JAGUAR RETAILER

INTRODUCTION THE CONCEPT OF XF

The XF possesses an unrivalled combination of style and substance, enhanced by state-of-the-art technologies that help keep you safe, connected and entertained. Blending utterly seductive design with dynamics and refinement has resulted in the creation of the most premium and exciting business car of its generation.

Accentuating the XF award-winning design, Checkered Flag sharpens all the characteristics that lend themselves to Jaguar's rich racing heritage. From the best-selling powertrain selection to its sport-refined detailing, you'll feel the thrill of the finish line. But really, when you put your foot down, that's just the beginning.

VEHICLE SHOWN: XF R-SPORT IN EIGER GREY WITH OPTIONAL EQUIPMENT

THE JAGUAR XF - THE FACTS

An outstanding combination of advanced engineering, the latest technology and contemporary design sets the XF apart.

ADVANCED AERODYNAMICS

The XF cuts through the air, reducing wind noise for enhanced refinement. Even the underside of the car is aerodynamically designed to be as smooth as possible, while apertures in the front bumper optimize airflow through the wheel arches.

BREADTH OF PERFORMANCE

The XF range offers a choice of gasoline performance engines. If pure power is your preference, the XF S can reach a top speed of 195 km/h and 0-100 km/h in 5.3 seconds* – there is an XF for every driver.

CRAFTSMANSHIP AND SPACE

Contemporary craftsmanship and a luxurious, practical interior with the space to stretch out and enjoy every journey. Your front and rear passengers will appreciate leg, knee and headroom that are ample and generous, along with the 40:20:40 rear seating configuration for increased volume and versatility as standard.

*Always follow local speed limits.

**These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details. *Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

Please refer to the accompanying Technical Specification for full details on Driveline, Engine Performance and Fuel Economy.

Some features described here are optional and market dependent. Features and their availability may differ by vehicle specification. For more details on feature availability refer to pages 54-61 or configure your vehicle at jaguar.ca.

VEHICLE SHOWN: XF S IN YULONG WHITE WITH OPTIONAL EQUIPMENT

LIGHTWEIGHT ALUMINUM ARCHITECTURE

The Lightweight Aluminum Architecture of the XF creates a strong body that delivers precise and responsive sports handling.

ADVANCED DRIVETRAIN TECHNOLOGY**

The XF offers unique All Wheel Drive with Intelligent Driveline Dynamics and Adaptive Surface Response. This enhances the legendary Jaguar handling, agility and ride, and gives added assistance in most conditions.

ADDED INTELLIGENCE

Innovative technologies make every drive easier. The XF offers Adaptive LED headlights, Traffic Sign Recognition and Adaptive Speed Limiter, Lane Keep Assist and Driver Condition Monitor, Autonomous Emergency Braking, Adaptive Cruise Control with Queue Assist**, Park Assist and Blind Spot Assist**. With powered gesture trunk lid, you can access the trunk when your hands are full. Simply present your foot under either rear corner and the trunk opens or closes.

ALWAYS CONNECTED

Every drive in the XF is enhanced by InControl technologies. InControl® is a suite of products and services that connects you with your XF and links it to the wider world. It ensures you are always in touch[†].

DESIGN EXTERIOR PRINCIPLES

► DESIGN PURITY

ADAPTIVE LED HEADLIGHTS

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

VEHICLE SHOWN RIGHT: XF R-SPORT IN EIGER GREY WITH OPTIONAL EQUIPMENT

"It's about paring it down to the bare essentials. Good designers have always said less is more."
Ian Callum, Jaguar Design Director.

The XF demonstrates the Jaguar principles of design purity. Strong lines radiate dynamic character and enhance the vehicle's capabilities – be it improving aerodynamics, visibility or stability. The XF is available with Adaptive LED headlights*, complementing the Jaguar signature 'J' blade Daytime Running Lights and giving the vehicle a striking on-road presence. LED light quality is closer to daylight, helping to better distinguish objects.

776 XCN

EXTERIOR AERODYNAMICS

AERODYNAMIC DESIGN

F-TYPE INSPIRED DESIGN

The sweeping exterior design of the XF is naturally aerodynamic. Its advanced form enhances handling, dynamics and refinement. Airflow is carefully managed through and around the car. Intakes either side of the front grille draw air in, then channel it out from the wheel arches to reduce turbulence. As air flows along the car, pressure differences that can cause drag are minimized by the flush, aerodynamically optimized sides.

At the rear, the XF tail lights feature a distinctive, Jaguar F-TYPE inspired, double roundel and intersecting horizontal detail. The LED brake lights are not only brighter than halogen bulbs, they use less energy. LEDs also illuminate faster – so following drivers can react more quickly to braking. Within the tail lights is a pinstripe graphic – one of the many exquisite finishing touches on the XF.

VEHICLE SHOWN: XF S IN YULONG WHITE WITH OPTIONAL EQUIPMENT

INTERIOR

► DRAMATIC
START-UP SEQUENCE

CONTEMPORARY
CRAFTSMANSHIP

Open the door and the Start button entices you inside. Pulsing with a heartbeat, it creates an emotional connection between driver and machine. Its 72 per minute double beat is the same as a jaguar cat at rest. The XF is poised, ready for action. Now push the Start button. With perfect choreography, air vents rotate open when the air conditioning is in use, the JaguarDrive Selector™ rises smoothly, and the engine growls – all inspiring you to anticipate the drive ahead.

The XF interior offers outstanding comfort, a sense of wellbeing and a wealth of choice. Whichever XF interior combination you choose, materials used are always of the highest quality. Leather and finishes are selected with the greatest care to ensure that, inside the XF, everything is luxurious to the touch. Whether you prefer Aluminum, Carbon Fibre or Wood veneer finishes to complement the beautiful selection of materials, your XF will always look and feel just right.

INTERIOR SHOWN LEFT: XF S FEATURING LIGHT OYSTER/EBONY SEATS
WITH EBONY UPPER FASCIA AND CONTRAST STITCH, EBONY CARPET
AND EBONY HEADLINING WITH OPTIONAL EQUIPMENT

1. Headroom 970 mm 2. Knee room 89 mm

INTERIOR SPACE

SPACIOUS REAR KNEE ROOM

IMPRESSIVE VERSATILITY

The rear cabin is a destination of luxury, choice and space. With 89 mm of generous rear knee room and plenty of rear leg and headroom, the XF gives you space to relax. It all adds up to greater comfort and wellbeing for passengers.

At 505 litres, the trunk space of the XF offers plenty of capacity. For even greater versatility, the XF comes standard with 40:20:40 rear seating configuration – it increases cargo space to an impressive 850 litres.

Interior lighting also enhances the atmosphere. Opt for Configurable Ambient Interior Lighting and you'll have a choice of ten interior colours. The choice continues with optional Four-zone Climate Control which gives individual passengers the opportunity to set their own temperature and airflow.

INTERIOR SHOWN: XF S FEATURING LIGHT OYSTER/EBONY SEATS WITH CONTRAST STITCH, EBONY CARPET AND EBONY HEADLINING WITH OPTIONAL EQUIPMENT

PERFORMANCE ENGINES OVERVIEW

▶ INGENIUM ENGINES

STOP/START TECHNOLOGY*

The XF offers a choice of two gas engines from our Ingenium range. With its lightweight, all-aluminum design and widespread use of low-friction roller bearings, this Ingenium gas engine is built for smooth, efficient performance. All XF engines are equipped with Stop/Start technology and smart regenerative charging – harvesting kinetic energy from braking to charge the battery.

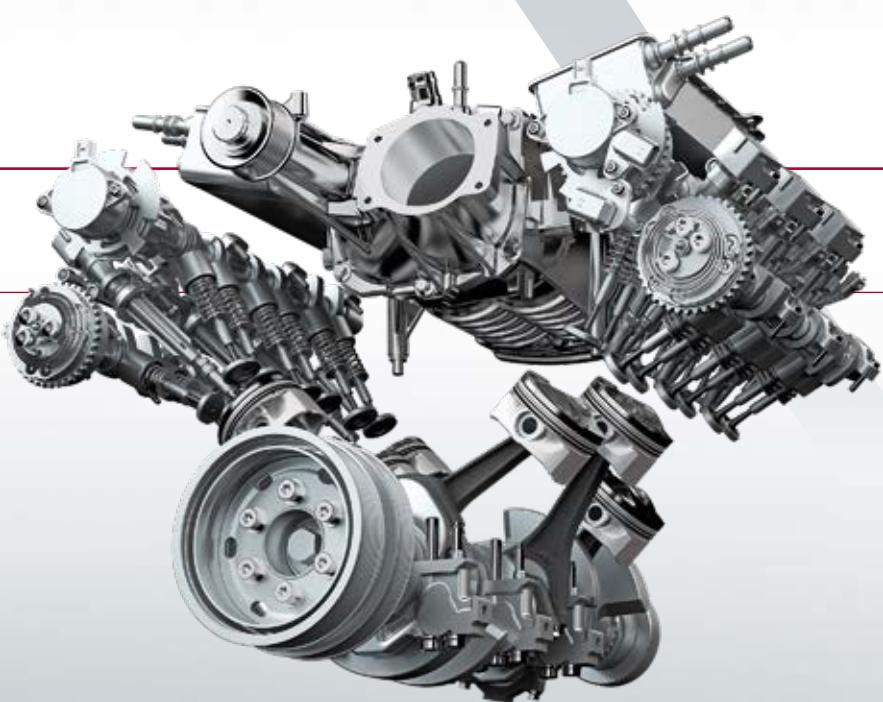

INGENIUM GAS ENGINES FROM

0-100 km/h from 5.9 seconds*†

The **Ingenium 2.0 litre 4-cylinder 247 HP Turbocharged Gas** engine delivers outstanding usable power and torque. For excellent acceleration and effortless overtaking, maximum torque is available between 1,200-4,500 rpm. This engine's twin-scroll turbocharger is fed by an integrated exhaust manifold that synchronizes exhaust pulses from two separate pairs of cylinders – reducing turbo lag and improving engine response.

The **Ingenium 2.0 litre 4-cylinder 296 HP Turbocharged Gas** engine has impressive power and balance. For an almost instant boost and high efficiency, its low inertia twin-scroll turbocharger features low-friction ball bearings and a high-flow compressor wheel. Underpinned by the turbocharger's increased aerodynamic efficiency, the engine delivers rapid acceleration and maximum torque of 295 lb-ft between 1,500-4,500 rpm.

*Please refer to the accompanying Technical Specification for full details on Driveline, Engine Performance and Fuel Economy.
†Always follow local speed limits.

V6 GAS ENGINE

0-100 km/h in 5.3 seconds*†

The **3.0 litre V6 380 HP Supercharged Gas** engine features a Roots-type twin vortex supercharger that provides linear delivery of power and maximizes responsiveness. This results in performance matching much larger engines. The engine also features dual independent variable cam timing to vary inlet and exhaust valve operation, working alongside lightweight pistons with ultra-low friction piston rings for increased performance. For added refinement there is a twin, contra-rotating balancer shaft system.

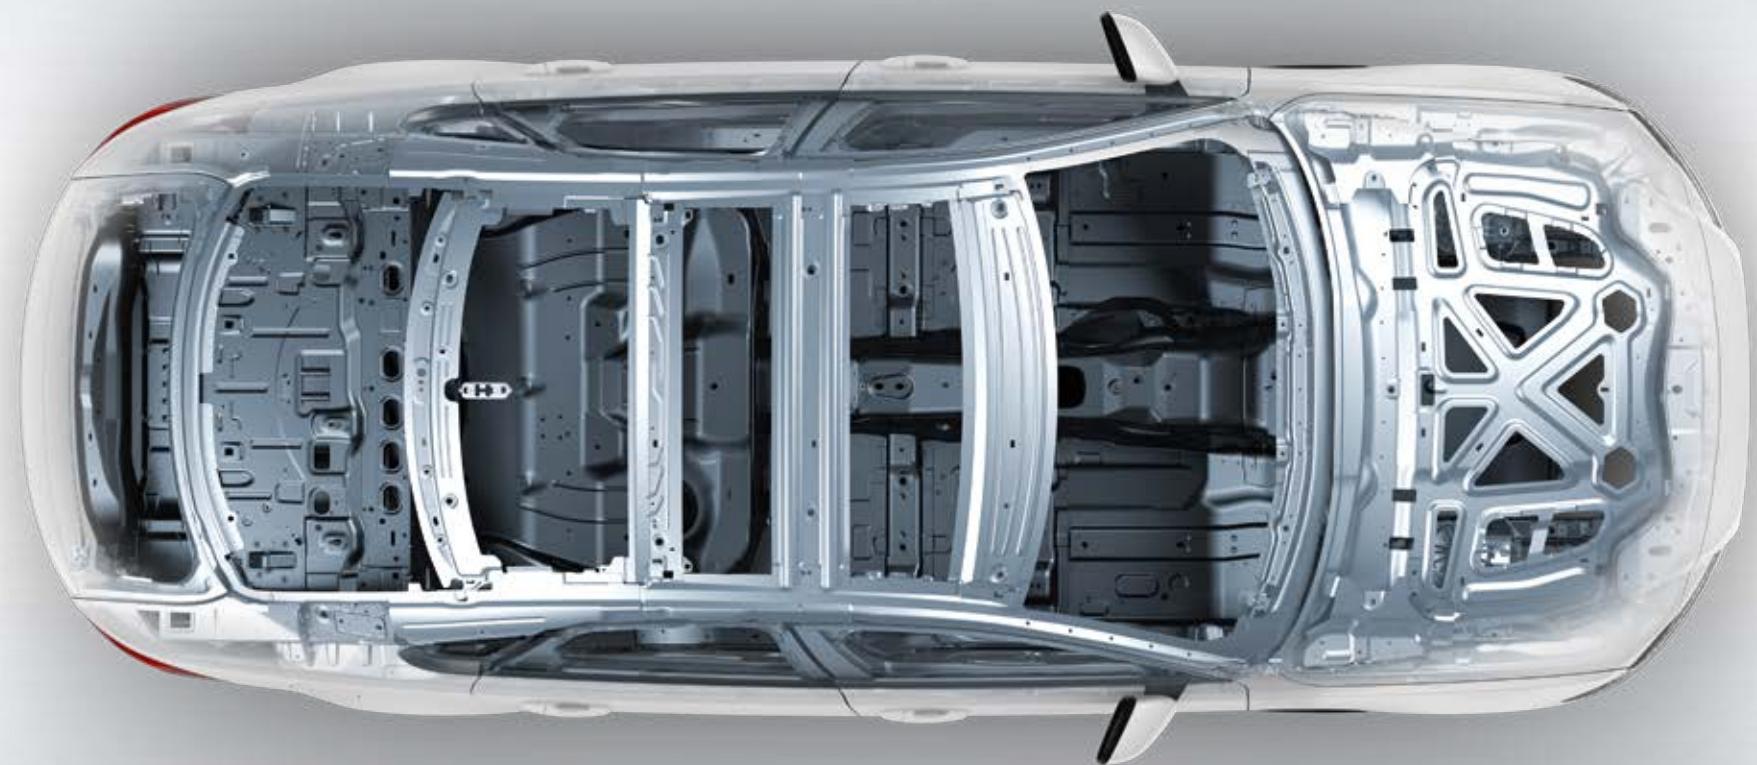

ADVANCED AERODYNAMICS

➤ LOW DRAG | Cd 0.30

The XF form has been rigorously optimized for aerodynamic efficiency and stability at highway speeds. Every element exploits the maximum aerodynamic potential, while preserving the stunning proportions of the XF. Apertures in the front bumper outer edges channel air through vents in the wheel arches and out over the front wheels. The airflow then passes along the XF sides where the doors have a flatter cross-sectional profile to minimize air pressure differences and contribute further to reduced drag. Even the extensive underbody protection is designed to make the XF as refined as possible.

VEHICLE SHOWN: XF PRESTIGE IN SANTORINI BLACK WITH OPTIONAL EQUIPMENT

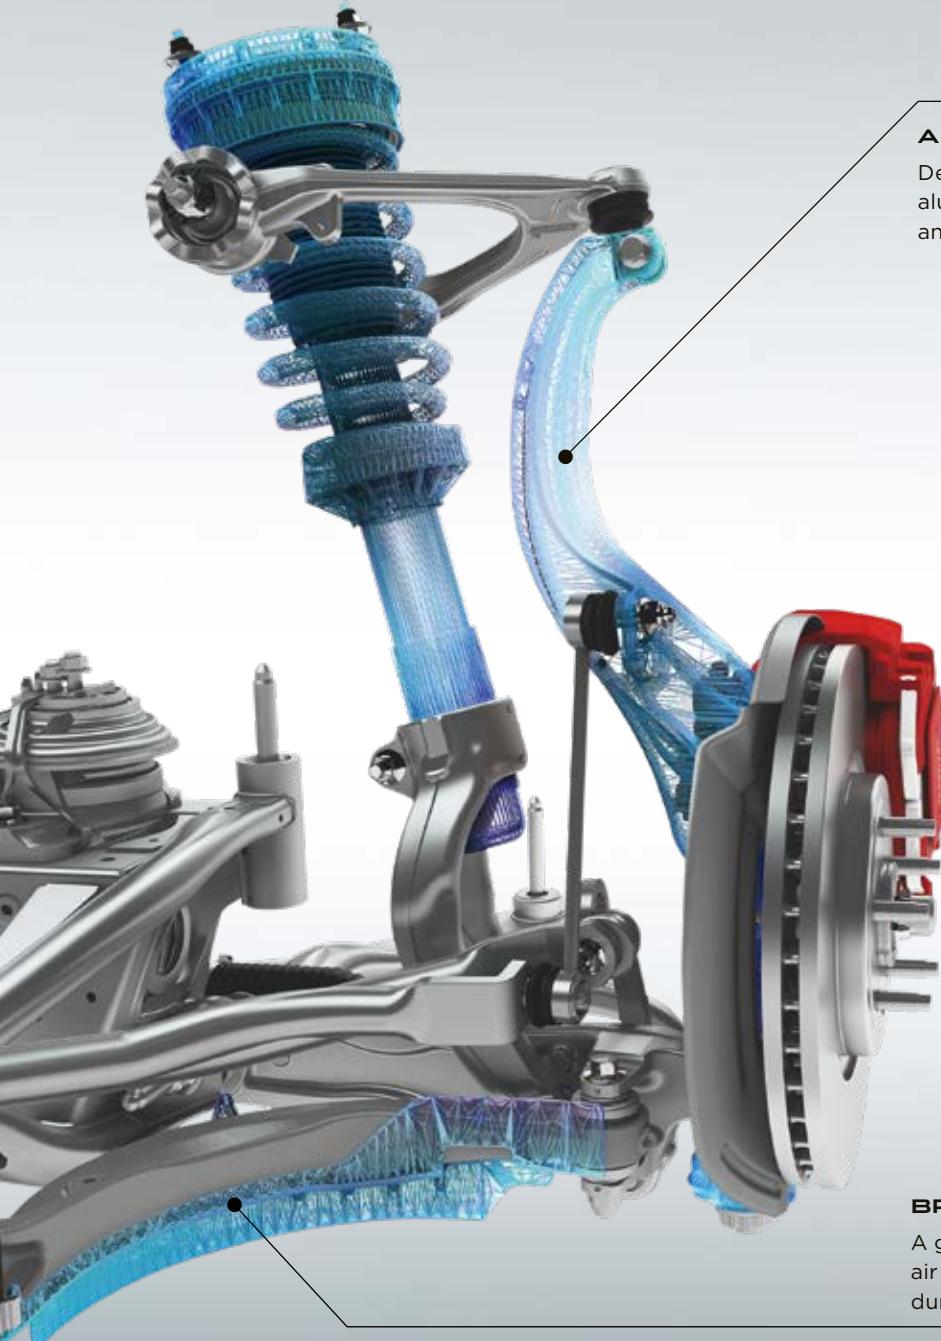

LIGHTWEIGHT ALUMINUM ARCHITECTURE

► STRONG | RIGID | 75% ALUMINUM

Jaguar has been at the forefront of aluminum car construction for more than a decade. The latest innovation is our high-strength Lightweight Aluminum Architecture, which is not only strong and reduces weight, it is also stiff – underpinning the precise, agile handling of the XF. Aluminum has also been used to form the body sides, hood and front wings. These panels are bonded together with a strong adhesive, then punched with zinc-coated, boron steel rivets that compress the adhesive to form an airtight bond and a strong, rigid structure.

Please refer to the accompanying Technical Specification for full details on Driveline and Engine Performance.

ALUMINUM FRONT KNUCKLE

Designed to improve stiffness and strength, the lightweight aluminum front knuckle helps the XF agility, responsiveness and refinement for sports car-like control.

CHASSIS AND SUSPENSION

ADVANCED SUSPENSION
TECHNOLOGY

COMFORTABLE
AND DYNAMIC

The XF responds with agility and performs with dynamism, all while maintaining ride comfort – it's a unique balance that makes it a Jaguar. The ideal foundation for these driving dynamics is the light, yet strong and stiff, Lightweight Aluminum Architecture with its near 50:50 weight distribution.

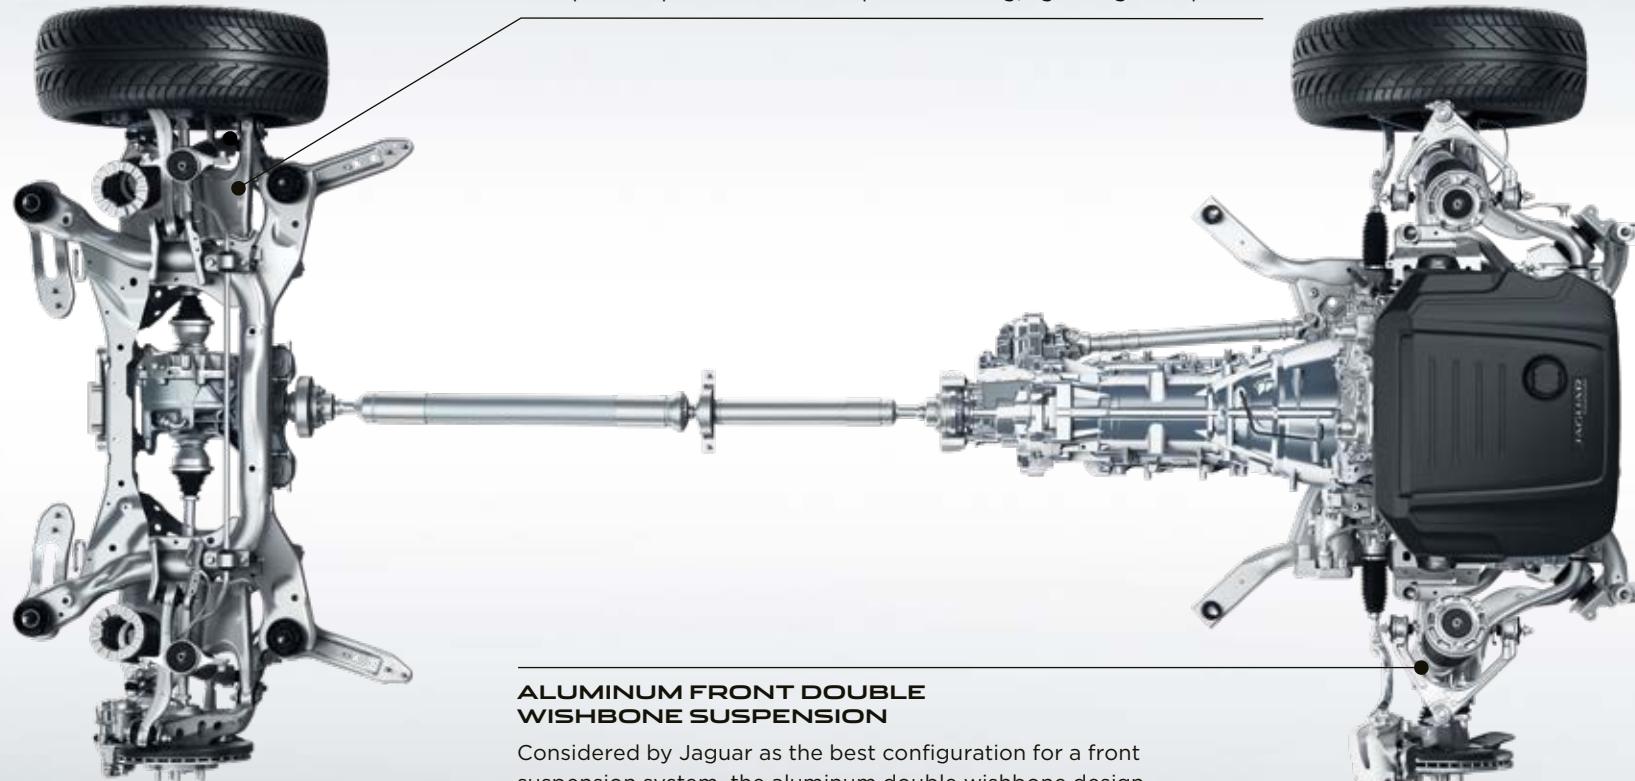

The sophisticated front and rear suspension systems complete a chassis that achieves a superb combination of sportiness and refinement. Advanced damper technologies – both passive or adaptive – improve ride quality further still and extend the XF breadth of dynamic capabilities. The suspension control, agility and feedback give the XF the spirit of a sports car.

BRAKE SCOOP

A glass-filled polypropylene brake scoop channels air onto the brakes for enhanced brake performance during enthusiastic driving.

INTEGRAL LINK REAR SUSPENSION

Integral Link suspension allows the XF to realize an ideal combination of a refined, luxurious ride and sharp, responsive handling. The system separates and independently manages the lateral, longitudinal and vertical forces acting on the suspension for enhanced control and comfort. Many components are forged or hollow-cast in aluminum – the optimum production techniques for strong, lightweight suspension.

ALUMINUM FRONT DOUBLE WISHBONE SUSPENSION

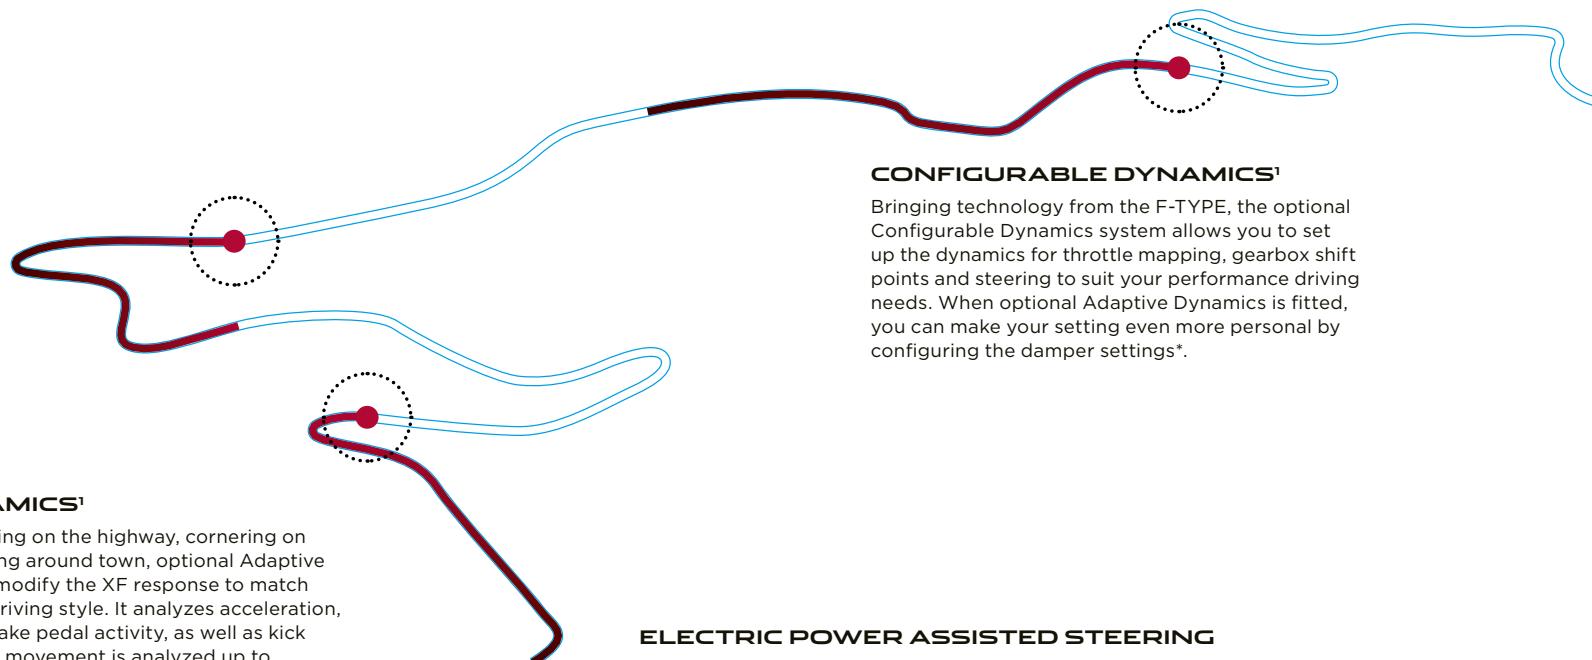

Considered by Jaguar as the best configuration for a front suspension system, the aluminum double wishbone design is modeled closely on the F-TYPE for precise handling and steering response*.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

DRIVING TECHNOLOGY ADVANCED DRIVING DYNAMICS

► ENHANCING AGILITY

Dynamic Mode revises the software of the vehicle to further enhance the sporting character. It sharpens the throttle response, increases steering weighting and performs gearshifts more quickly and at higher engine speeds. It also brings visual drama to the driver as the instrument cluster takes on a red glow. Dynamic Mode enhances your connection with the XF inherent Jaguar performance.

ADAPTIVE DYNAMICS¹

Whether you're accelerating on the highway, cornering on country roads or navigating around town, optional Adaptive Dynamics is designed to modify the XF response to match the conditions and your driving style. It analyzes acceleration, cornering, throttle and brake pedal activity, as well as kick down activation. Steering movement is analyzed up to 500 times a second and body movement up to 100 times a second. Using this information, electronically controlled adaptive dampers then constantly adjust the suspension settings and maintain the poise and comfort of the XF*.

ELECTRIC POWER ASSISTED STEERING

Electric Power Assisted Steering (EPAS) offers outstanding feedback, control and immediate power assistance. EPAS' sophisticated computer management varies steering assistance as appropriate – increasing assistance for low-speed manoeuvring and improving feel at higher speeds. It also enables advanced driver assistance features such as Lane Keep Assist² and Park Assist^{2*}.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

¹Standard on the XF S. ²Not available on Prestige models.

ADDED DRIVER ASSURANCE

➤ ALL SURFACE PROGRESS CONTROL | ADAPTIVE SURFACE RESPONSE

All Surface Progress Control (ASPC) technology is a low-speed cruise control that helps the XF to cope with low traction situations. ASPC allows the driver to concentrate on steering the vehicle. Once activated, you use the cruise control buttons to set a 'target' speed of between 3.5 km/h and 30 km/h. The system then works to achieve and maintain that speed while exerting traction control*.

ASPC is standard and gives drivers of the XF added assistance over slippery, loose surfaces, undulating terrain and even while descending a difficult incline. It helps make the XF easier to drive in challenging conditions*. ASPC also has a pull-away function, allowing the vehicle to progress from rest on low-grip surfaces and ascending gradients, as well as a hill descent function that controls vehicle speed on steeper inclines*.

On the XF S AWD, Adaptive Surface Response (AdSR) is designed to recognize differences between surfaces to exploit the maximum available grip. AdSR constantly monitors the car's environment and adjusts the appropriate engine and brake settings. Once selected, AdSR works at all speeds to support you in adverse weather and across challenging surfaces*.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

With any given set of tires, ASPC can accomplish comparable levels of traction to that achievable by an expert driver. Fitting all-season or winter tires to the XF can improve capability on slippery surfaces.

GRAVEL

WET GRASS

SNOW/ICE

WET ROAD

ADVANCED DRIVETRAIN TECHNOLOGY

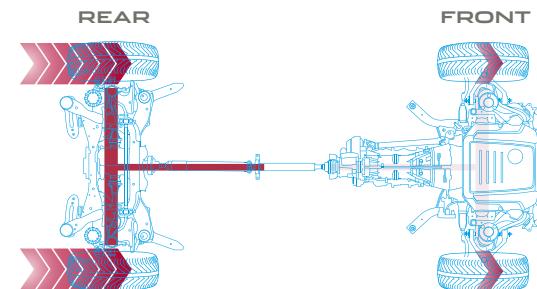

ALL WHEEL DRIVE

INTELLIGENT DRIVELINE DYNAMICS

The XF All Wheel Drive (AWD) system combines the agility and character of Rear Wheel Drive (RWD) with the increased security and traction provided by AWD. In normal driving, the XF is predominantly RWD to deliver handling purity, feel and balance. But when roads become more challenging, or when you accelerate more swiftly on low-grip surfaces, the system is designed to subtly channel power forwards, enabling the XF to maintain improved traction for comfortable progress in various conditions*.

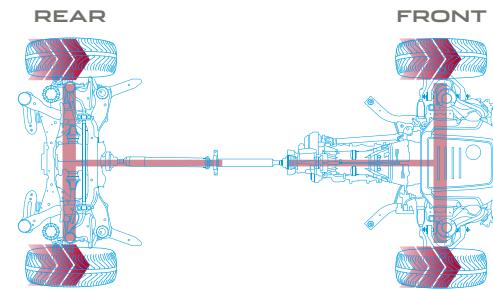

The XF AWD uses a transfer case at the back of the 8-speed Automatic Transmission to manage the appropriate distribution of torque to the front and rear wheels. Engineered to ensure that the XF retains the dynamic behaviour of a Jaguar car, the transfer case contains an electro-mechanically activated multi-plate clutch with an actuator to build hydraulic pressure. This pressure is quickly and accurately controlled to generate the required force in the clutch to transfer the optimal amount of torque to the front wheels.

Unlike other systems that react to wheel slip, Jaguar's Intelligent Driveline Dynamics (IDD) software is predictive and uses sensors measuring throttle and steering inputs to anticipate wheel slip*. IDD seamlessly co-ordinates these inputs and compares them with responses from the engine, transmission and traction control systems to calculate the traction available and distribute torque accordingly, even before grip is lost. From a standstill, the XF can transition from RWD to AWD in milliseconds. The result is a drive which blends the character of RWD with the capability of AWD, providing enhanced levels of performance and control*.

DRY ROAD CONDITIONS

In normal conditions, torque is distributed to the rear wheels, delivering acclaimed Jaguar agility and handling.

LOW TRACTION CONDITIONS

On slippery surfaces, such as grass or snow, torque can be balanced between the front and rear wheels to improve traction. In extreme conditions where only the front wheels have traction, up to 100 percent of engine torque can be distributed to the front wheels for more optimal grip.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

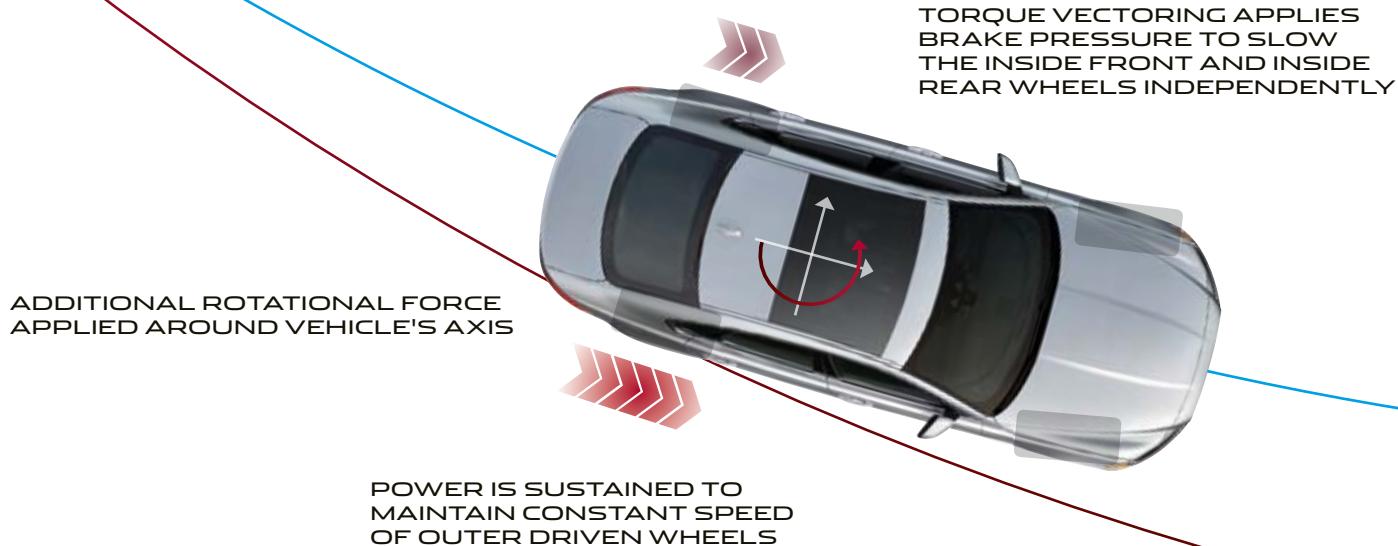

VEHICLE SHOWN: XF S IN YULONG WHITE WITH OPTIONAL EQUIPMENT

TORQUE VECTORING

► ENHANCED CORNERING CAPABILITY

Torque Vectoring is designed to improve capability through even the tightest corners. Torque Vectoring technology provides controlled independent braking on the individual inside front and rear wheels to add to the turning forces acting on the car. In most conditions, more braking pressure is applied to the rear inside wheel as this supports increased cornering capability, while the front inside wheel is braked for greater effectiveness and refinement. The result is reduced understeer for sharper turning and more consistent road holding. Torque Vectoring delivers increased sports car-like agility and added driver assistance*.

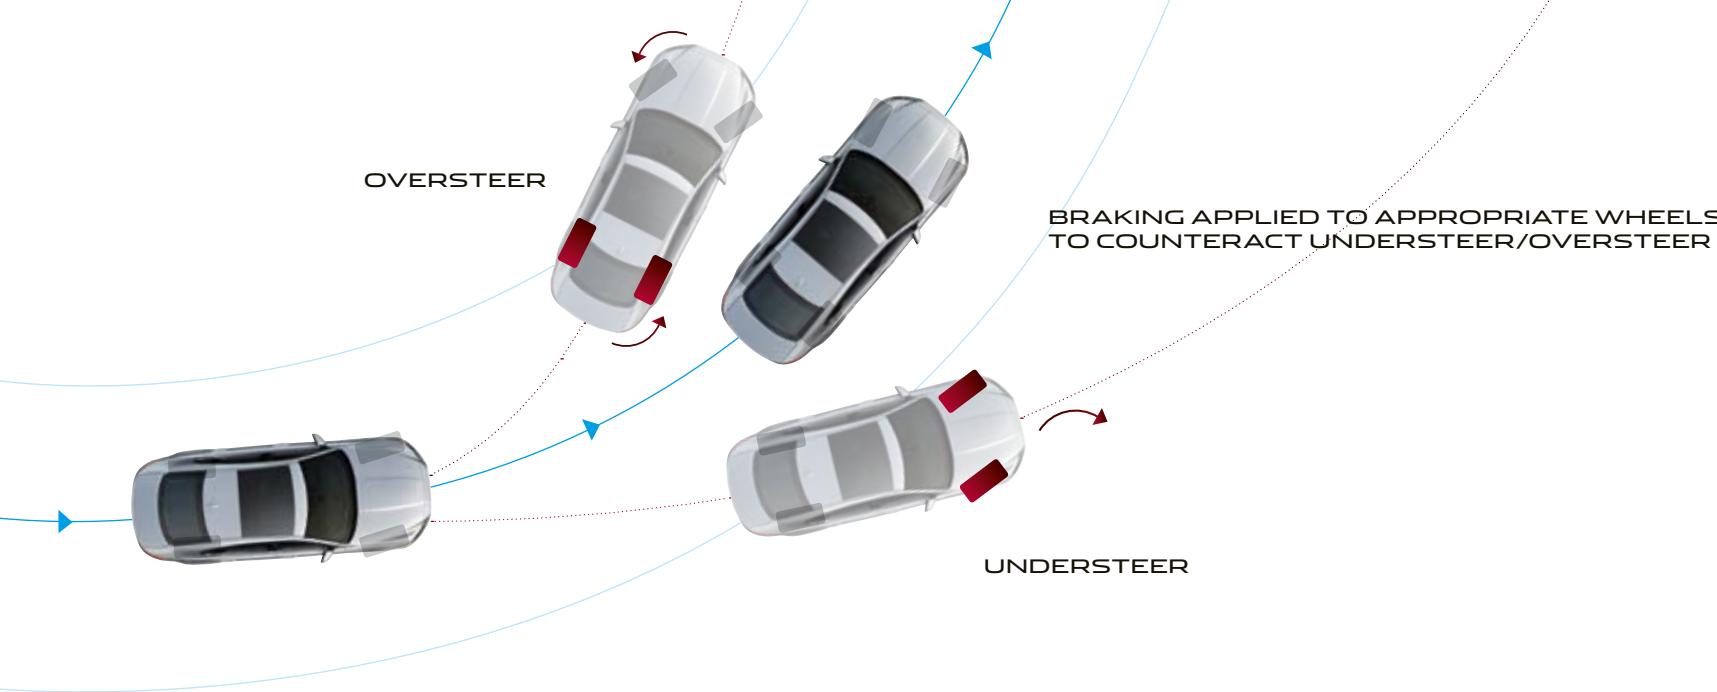

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

Graphical representation only.

VEHICLE SHOWN: XF S IN YULONG WHITE WITH OPTIONAL EQUIPMENT

STABILITY AND CONTROL

► DYNAMIC
STABILITY CONTROL

ENGINE DRAG
TORQUE CONTROL

The stability systems are designed to keep the XF balanced, whether you're driving enthusiastically or simply want some reassurance in challenging conditions*.

Dynamic Stability Control (DSC) monitors the dynamic behaviour of the XF, intervening to assist vehicle stability and improving available grip. DSC is designed to reduce engine torque and apply braking to the appropriate wheels, to correct the car's direction of travel by counteracting understeer or oversteer. The DSC system fitted to the XF has enhanced understeer control to reduce speed and help regain control more effectively*.

Engine Drag Torque Control (EDC) mitigates the chance of wheel lock-up caused by strong engine braking in slippery conditions. It acts by briefly increasing torque to the driven wheels as appropriate*.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

Graphical representation only.

VEHICLE SHOWN: XF S IN YULONG WHITE WITH OPTIONAL EQUIPMENT

TECHNOLOGY INFOTAINMENT

Delivering a wealth of information and entertainment, every XF is equipped with our InControl® infotainment system, Touch Pro. It features intuitive and advanced integrated technologies to ensure everyone can make the most of their journey*.

10" TOUCH PRO

The standard 10" Touchscreen at the heart of the centre console supports tap, swipe and pinch-to-zoom gestures and delivers our richest ever audio-visual entertainment. To enhance the in-car experience, Touch Pro offers customizable homescreens and fast response times as well as voice control. Multi-tasking is also made easy thanks to the Interactive Side Panel. Touch Pro can be further enhanced by adding the connectivity package, Connect Pro.

INTERACTIVE DRIVER DISPLAY

The optional 12.3" high-definition Interactive Driver Display can receive and project a vast amount of driving information, entertainment and driver assistance data including navigation, phone and media. Its high resolution ensures the utmost clarity, and its refined processing engine delivers smooth moving, pin sharp graphics. To help you find your way more easily, the option of Navigation Pro enables you to display full screen navigation with 3D mapping**.

HEAD-UP DISPLAY

To help reduce distraction or the need for you to take your eyes off the road, Head-up Display is an option that presents key vehicle data such as your speed, gear position and navigation directions on the windshield. It features crystal-clear, full colour graphics in high resolution, enabling you to see all driver inputs and information with ease†. It can display important information from the Touch Pro Touchscreen and your phone. The feature can be turned on and off dependent on driver preference.

*Do not use InControl® features under conditions that will affect your safety or the safety of others.

**Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so. †These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

Remote contains subscription services that can be extended after the initial term advised by your Jaguar Retailer. InControl features, options and their availability may vary – check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

CONNECTIVITY

Jaguar InControl® is our suite of standard and optional features that connects you to your vehicle and links you seamlessly, and securely, with the outside world. There are a range of packages and options available to choose from. With a selection of apps, even when you're away from your car, some of the InControl features stay with you - making sure the Jaguar experience is more enjoyable than ever¹.

STANDARD FEATURES

PINPOINT TOUCH CONTROL¹

Pinpoint touch control allows you to interact with information swiftly. The Touchscreen responds in the same manner as a smartphone or tablet computer, providing multi-touch gestures such as pinch-to-zoom and swipe.

PERSONALIZED HOMEPAGE¹

You can set up your homescreens the way you want them. With over 60 shortcuts and widgets, you can customize your system around the features you use most.

INTERACTIVE SIDE PANEL¹

A choice of side panels means you can multi-task. For example, your main screen area can be used for navigation, while the side panel provides phone controls. Simply swipe up and down to switch between multiple panels.

MULTIMEDIA¹

Enjoy a range of multimedia features on the Touchscreen. Connect your device and see details of playlists and music displayed by artist, album and genre.

ENHANCED PHONE INTERFACE¹

Making it easier, you can call a favourite contact with a single touch via the customizable homepage. Additional functionality includes direct access to voicemail, conference calling and homescreen integration.

VOICE RECOGNITION SYSTEM¹

So you can complete tasks without taking your eyes off the road, the XF offers intelligent voice recognition. For example, 'Tune to 97.9' or 'Call home'.

¹Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

Remote contains subscription services that can be extended after the initial term advised by your Jaguar Retailer. InControl features, options and their availability may vary - check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

PROTECT

Jaguar Optimized Assistance² – If you break down you can make a direct call to the Jaguar Assistance team by pressing the button on the overhead console, or from the Assistance screen within the Remote smartphone app.

SOS Emergency Call – In a more serious incident, SOS Emergency Call will automatically connect you to the emergency response team who will notify the emergency services to your location. For peace of mind, this service is provided for the first ten years from date of registration.

Remote Essentials – Remote smartphone app provides information on your vehicle and enables you to interact with it remotely. Compatible with most smartphones, Android Wear™ or the Apple Watch®, this service includes:

- **Journey Tracking** – This opt-in feature can automatically record your journey history including your route and mileage statistics. This information can be exported by email to use for expense reporting and can be imported to a spreadsheet.

- **Vehicle Status Check** – Check current fuel level and range, and status of door and window position and locks. See the last parked location of the vehicle and find your way back to it with on-foot directions.

SMARTPHONE PACKAGE

By screen sharing with the XF InControl infotainment system, the Smartphone Package helps you stay connected to your smartphone even while in the car.

Android Auto™ was designed with safety in mind. With a simple and intuitive interface, it is designed to minimize distraction so that you can stay focused on the road. Simply connect your Android smartphone via a USB and control compatible apps on the in-car Touchscreen.

Apple CarPlay® is also designed for increased safety, enabling the use of apps while allowing the driver to concentrate on the road ahead. Connect your Apple smartphone to your car to use compatible apps such as maps, messages and music through the Touchscreen.

²Jaguar Optimized Assistance is a subscription service that can be extended after the initial term advised by your Jaguar Retailer.

STANDARD FEATURES

NAVIGATION PRO

Navigation Pro allows you to save your favourite places, use swipe and pinch-to-zoom gestures for simple map exploration and display a choice of either 2D or 3D crystal clear map graphics. Navigation Pro functionality is further enhanced by the Connect Pro Package*.

CONNECT PRO

Connect Pro consists of InControl Apps, Remote Premium, a 4G Wi-Fi Hotspot**, Pro Services and Connected Navigation. It's designed to enhance your in-car and out-of-car experience, ensuring you and your passengers enjoy the journey while remaining connected to the world*.

INCONTROL APPS

Jaguar InControl Apps technology allows vehicle-optimized apps on your Android™ or Apple® smartphone to be controlled through the vehicle's Touchscreen, including contacts, calendar and music player via a USB cable. You can also download third-party apps offering a range of services.

REMOTE PREMIUM

Remote Premium provides the following enhancements to the Remote Essentials smartphone app:

- **Remote Lock/Unlock** – Lock or unlock your doors remotely with the click of a button. Simply press the 'lock' button on the Vehicle Security screen of the Remote smartphone app to single lock the doors, arm the alarm, fold in the wing mirrors and close the windows. Press the 'unlock' button to unfold the wing mirrors, turn on the dipped headlights and cause the hazard lights to flash twice.
- **Remote Climate** – Prepare your XF in advance by pre-heating or pre-cooling the cabin, so that you and your passengers are comfortable from the moment you step inside.
- **Beep/Flash** – This feature turns on your Jaguar's hazard lights, dipped headlights and sounds an audible alert to help you locate your vehicle in a crowded car park.

4G Wi-Fi

The 4G Wi-Fi Hotspot provides in-car access to the Internet, enabling up to eight wireless devices to be used simultaneously in the car. Passengers can connect through the vehicle's wireless network to surf, work, update social media and stay entertained throughout the trip**.

*Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

**The Wi-Fi Hotspot is intended for passenger use only. InControl features may require an additional subscription with separate terms and conditions.

Remote contains subscription services that can be extended after the initial term advised by your Jaguar Retailer. InControl features, options and their availability may vary - check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

PRO SERVICES

- **Real Time Traffic Information** – Uses live traffic data feeds to give you the most accurate picture of what the traffic is like on the way to your destination*.
- **One-box Search** – Wherever you are, you can search the surrounding area for places of interest. The system can access expert destination information, travel tips and inspiration, as well as online travel reviews of the local area.
- **Planning Routes and Door-to-Door Routing** – Before setting off, use the Route Planner app or online portal to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle's navigation screen. Once you've parked, the Route Planner app will guide you to your destination – a true door-to-door experience which includes public transport options*.
- **Share ETA** – You can share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you're running late, Share ETA can then send automatic updates via text messages or email, without any further action from you*.
- **Satellite View** – When you want to get the context of your surroundings from overhead, simply switch to satellite view.
- **Commute Mode** – Allows the system to learn your commutes and automatically advises you of the expected journey time based on live and historical traffic movements, without you having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest. The feature can be turned on and off dependent on driver preference.
- **Parking Service** – As you approach your destination, you can see where parking is available. Simply tap on your preferred car park and the navigation system updates to direct you to it.
- **Online Routing** – While you're on your way to a destination the system monitors live traffic conditions and takes into account typical traffic patterns for that time of day, keeping you on the optimum route.
- **Fuel Prices** – When you're going to fill up, the Fuel Price service not only finds filling stations along your route, it also enables you to compare fuel prices so you can keep your costs down.
- **Online Media** – Allows for the aggregation of numerous content providers and their personalized content – such as Deezer and TuneIn – that gives access to more than 40 million music tracks and four million on-demand programs and podcasts. For the first time, these can be directly streamed from the vehicle without the need for a smartphone – providing a seamless and integrated experience.

AUDIO

A vehicle's cabin is the ideal place within which to experience your personal choice of music, and the Jaguar XF has the option of two different audio systems to bring your music, to life:

MERIDIAN™ SOUND SYSTEM

Great definition, crystal-clear highs and full, deep bass – delivered through the careful arrangement of 10 speakers and a dual channel subwoofer.

MERIDIAN SURROUND SOUND SYSTEM*

All the fullness and clarity of a live performance, delivered through an arrangement of 16 front, side and rear speakers and a dual channel subwoofer – seamlessly brought together using Trifield™ technology. Exclusive to Meridian, Trifield perfectly blends the centre and surround channels with left and right channels, ensuring an optimum, consistent sound experience for each passenger.

SIRIUSXM® SATELLITE RADIO** AND HD RADIO™*

SiriusXM® satellite radio and HD radio technology offer improved sound quality and a wide choice of stations and entertainment**.

*Optional feature. **A 3-month trial subscription to the SiriusXM Select+ package is included with equipped vehicles, which gives you access to 130 channels of premium programming. Plus you can stream SiriusXM on your computer, smartphone or tablet – it's included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-888-539-7474. See the SiriusXM Customer Agreement for complete terms at siriusxm.ca/terms-and-conditions. All fees and programming are subject to change.

For more details on feature availability refer to pages 54-61 or configure your vehicle at jaguar.ca

Image is representative of Meridian Surround Sound System.

MERIDIAN™

Formed in 1977 in Cambridgeshire, England, Jaguar's audio partner Meridian has pioneered many firsts, including active speakers and the world's first digital surround sound processor. Meridian's audio technology input has helped ensure that the Jaguar XF is the most superb space within which to experience sound. Meridian Cabin Correction technology was utilized to analyze cabin shape, acoustics and resonance characteristics in order to help remove unwanted sounds. The advanced algorithm ensures that the rhythm, punch and timing of any piece of music are heard precisely how the artist intended, providing a consistently exceptional quality audio experience for all passengers in the vehicle.

	UNIQUE MERIDIAN TECHNOLOGY	SPEAKERS + SUBWOOFER	WATTS
MERIDIAN™ SOUND SYSTEM	  	10+1	380
MERIDIAN™ SURROUND SOUND SYSTEM	   	16+1	825

DIGITAL SIGNAL PROCESSING

Brings all elements of the audio system together as one, for performance that would otherwise require significantly larger speakers.

MERIDIAN CABIN CORRECTION

The advanced algorithm of Meridian's Cabin Correction tailors the sound experience to the precise acoustics of the XF interior.

MERIDIAN DIGITAL DITHER SHAPING

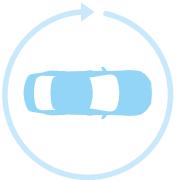

To maintain the quality of musical recordings, they are converted into a common digital format. Meridian Digital Dither Shaping ensures that digital signal conversions are made smoothly and seamlessly, preserving the finest details of the audio performance. The result is authentic musical conversion, evoking the emotions of the original recording.

TRIFIELD™

Exclusive to Meridian, Trifield blends the centre and surround channels seamlessly with left and right channels, delivering a consistent, concert-like experience for all occupants.

SAFETY AND EFFICIENCY DRIVER ASSISTANCE

360° SURROUND CAMERA

360° Surround Camera uses four digital cameras discretely placed around the vehicle, providing a 360° birds-eye view on the Touchscreen. With the capacity to display several different views at the same time, this helps with various manoeuvres from parking by a curb, to getting in and out of tight spaces and intersections*.

REAR CAMERA

Rear Camera provides improved visibility when reversing. Static lines representing the vehicle's outer perimeter and predicted path are superimposed on the rear view image displayed on your Touchscreen*.

360° PARKING AID

360° Parking Aid uses ultrasonic sensors to the front, rear and sides of the vehicle, designed to alert you to the proximity of objects when parking or exiting from a parking space*.

AUTONOMOUS EMERGENCY BRAKING

Should a potential collision be detected, the XF gives an audible forward collision warning. Visual warnings follow. If the driver takes no action, the system is designed to apply the brakes** to help reduce the severity of the possible impact*.

FRONT AND REAR PARKING AIDS

Front and Rear Parking Aids make manoeuvring even easier. Sensors located in the front and rear bumpers are activated manually, or when reverse is selected. As you park, the Touchscreen display and audio feedback indicates how close you are to obstacles*.

TRAFFIC SIGN RECOGNITION AND ADAPTIVE SPEED LIMITER

Traffic Sign Recognition (TSR) technology detects speed limits, including variable limits, and 'no passing' signs via the forward-facing camera, then displays them to the driver. The Adaptive Speed Limiter uses TSR's information, supported by map data from the navigation system, to help keep the Jaguar XF within the appropriate speed limit*.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details. **Please note that if any action is taken, even minimal steering, the Emergency Braking system will assume the driver resumed control of the vehicle and the system will automatically disengage.

Please refer to pages 54-61 for fitment requirements and availability.

BLIND SPOT ASSIST AND REVERSE TRAFFIC DETECTION

Blind Spot Assist uses radar sensors to detect quickly approaching vehicles and, if necessary, the system can provide assistance in preventing foreseeable collisions. If your vehicle detects another car in your blind spot when you begin to change lanes, a small warning light illuminates in the corresponding wing mirror. Corrective torque is also applied to the steering wheel, encouraging you to guide your vehicle away from the approaching vehicle. Reverse Traffic Detection is particularly useful when reversing out of a parking bay - the system warns you of vehicles, pedestrians or other hazards approaching from either side of your vehicle. It will alert you with both audio and visual warnings, so you know what's behind you even when the view is obstructed*.

LANE KEEP ASSIST AND DRIVER CONDITION MONITOR

Lane Keep Assist detects when the vehicle is unintentionally drifting out of the lane, and applies a corrective torque to the steering wheel, encouraging you to guide your vehicle back. Driver Condition Monitor detects if you're starting to feel drowsy and gives you an early warning when you need to take a break*.

ADAPTIVE CRUISE CONTROL WITH QUEUE ASSIST

Adaptive Cruise Control uses radar technology to automatically adjust your speed and maintain a set distance from the vehicle ahead. If that vehicle slows, your XF reduces its speed to maintain a set distance. The XF resumes its pre-set speed as soon as the road in front is clear. Should the car in front stop completely, the Queue Assist function is designed to help bring the XF to a smooth halt. Once the traffic moves, touch the accelerator and the XF will follow the car in front again*.

NEW XF CHECKERED FLAG SEDAN

With all the style, elegance and luxury of the XF, Checkered Flag bears testimony to Jaguar's undoubted heritage. Building on the assertive design of R-Sport, Gloss Black side vents feature unique badging, while the sleek 'S' bumpers enhance the XF purposeful stance. Unique wheels, together with the Black Package trimmed exterior, give it an even greater presence. XF is refined and contemporary, but it's also from pure racing pedigree. Ease into the R-Sport styled cockpit, grip the soft grain leather steering wheel and simply relish being on the road.

Features:

- 296 HP All Wheel Drive (AWD) Gas engine

Exterior:

- Available in Yulong White, Santorini Black and Eiger Grey • Assertive Black Package design styling • Tailgate/trunk lid spoiler • Sport-inspired 'S' bumpers with body-coloured cheeks • Gloss Black Checkered Flag side vents • 19" Style 1018, 10 spoke wheels with gloss sparkle silver finish • Body-coloured side sills

Interior:

- A choice between Ebony/Pimento or Ebony/Ebony grained leather interior with contrast stitching • Perforated grained leather seats with contrast stitching • Metal treadplates with Checkered Flag branding • Soft grain leather steering wheel with Chrome gearshift paddles • Dark Hex Aluminum instrument panel finisher • Keyless Entry • Navigation Pro • Connect Pro • Interactive Driver Display

SPECIAL VEHICLE OPERATIONS

Special Vehicle Operations (SVO) designs and engineers products that amplify Jaguar and Land Rover core brand values; focusing on luxury, performance and capability.

Our team of specialists are completely focused on enhancing and personalizing our relationship with our most discerning and enthusiastic customers – delivering experiences that our customers will love for life.

SVO is responsible for the creation of a suite of halo products that showcase the pinnacle of Jaguar design and engineering capabilities, enabling our customers to indulge their passion for spectacular new vehicles.

THE NEW SVO TECHNICAL CENTRE

In the heart of the British Midlands is SVO's brand new Technical Centre. This state-of-the-art facility represents a \$25 million dollar investment by Jaguar Land Rover, and features four zones designed to support the creation of truly breath-taking vehicles. In addition to the Commissioning and Presentation suites, our manufacturing centre is responsible for the assembly and hand-finishing of SVO halo and Collector's Edition vehicles, and a world-class paint facility ensures an exquisite finish for every car we create.

BESPOKE BY SVO

Bespoke by SVO was born out of an innate understanding of what our most discerning clients value more than anything else – to own something completely unique to them. Something only they can have, reflecting who they are and what they hold most dear. With that in mind, SVO developed innovative Commissioning and Presentation suites enabling creation of the most refined and luxurious vehicles in the world. This special new facility is housed within the new SVO Technical Centre in Warwickshire, England.

THE WORLD OF JAGUAR

Your Jaguar drives with an instinct for performance, refined through decades of innovative design and engineering. Power and agility are combined with elegance and grace to deliver a vehicle like no other. As a celebration of Jaguar, we've created a range of experiences, publications and the Jaguar Lifestyle Collection. To top it all, we've even returned to the track with Jaguar Racing. Welcome to a world where every aspect of performance is an art.

EXPERIENCE DRIVES

There's no better way of understanding the spirit of Jaguar than by getting behind the wheel. Jaguar Experience Drives are an opportunity to unleash the breathtaking performance of our incredible Jaguar range. Join us at one of our Experience centres, or take part in the Art of Performance Tour. New sensations await.

THE JAGUAR MAGAZINE

This is our own vibrant, cosmopolitan and contemporary magazine. Go behind the scenes at Jaguar and explore our dedication to performance, design and innovation – as well as catching an insight into the world of luxury, style and travel. You can enjoy The Jaguar magazine twice a year, completely free of charge for the first three years of ownership. Ask your local Jaguar Retailer to ensure that you receive your copy.

AT YOUR SERVICE

As well as providing a range of exclusive services and lifestyle products, the World of Jaguar makes owning and driving carefree and easy.

NEW LIMITED VEHICLE WARRANTY

The New Vehicle Limited Warranty (The "Warranty") lets you enjoy your driving with peace of mind. The Warranty is fully transferable to subsequent owners and remains in effect throughout the Warranty coverage period.

GENUINE PARTS

Jaguar Genuine Parts are designed, tested and manufactured to our uncompromising standards for quality, fit and durability. Each part is engineered specifically for your XF to contribute to optimum performance and to help maximize its lifespan.

SERVICING

Relax in the knowledge that long-term performance is assured with the Complimentary First Scheduled Maintenance Coverage. It covers the first factory recommended scheduled servicing as detailed in the "Passport to Service". A Service Interval Indicator will appear to remind you to take advantage of your first scheduled complimentary maintenance.

JAGUAR ASSISTANCE

Jaguar Optimized Assistance provides assistance in motoring emergencies, from immobilization due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, anywhere in North America during the vehicle's warranty period.

JAGUAR FINANCIAL SERVICES

New or used, for personal or business use, we have a finance option that puts you in complete control. Please speak to your local authorized Jaguar Retailer to find out more.

IMPORTANT NOTICE

Jaguar Land Rover Canada ULC is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually. While every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications or availability, nor does it constitute an offer for the sale of any particular vehicle, part or accessory. Distributors and Retailers are not agents of Jaguar Land Rover Canada ULC by any express or implied undertaking or representation.

COLOURS

Images are provided for illustrative purposes only. Colours reproduced on-screen may vary compared to actual finish. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your authorized Jaguar Retailer.
